REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Finance 500, Inc.

We have audited the accompanying financial statements of Finance 500, Inc. (the "Company") (a California corporation), which comprise the statement of financial condition as of December 31, 2014, and the related statements of loss, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of February 25, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The computation of Net Capital Pursuant to Rule 15c3-1 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

FINANCE 500, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

1. Summary of Significant Accounting Policies

a. Nature of Business

The company is a registered broker dealer incorporated under the laws of the State of California maintaining its principal office in Irvine, California. The Company is subject to a minimum net capital requirement of \$100,000 pursuant to SEC Rule 15c3-1

Camden Financial Services (Camden) has executed a sub-clearing agreement with Finance 500, Inc. for purposes of clearing transactions with and for Camden's customers on a fully disclosed basis through COR Clearing Corporation.

b. Methods of Accounting

The company maintains its books and records on the accrual basis of accounting

c. Security Transactions

Security transactions are reported on a settlement date basis which is generally the third business day following the transaction date. While generally accepted accounting principles require reporting on a trade date basis, the difference between trade date and settlement date is not material. Related commissions and expenses are recorded on the accrual basis.

d. Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

e. Property and Equipment

Property and equipment are at stated cost. Depreciation of property and equipment is computed using the straight line method over sixty month.

f. Income Taxes

The Company files its income tax returns on the accrual basis of accounting. Deferred income taxes result from timing differences in the reporting of California franchise tax expense for financial and tax purposes.

g. Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

h. Accounts Receivable

The accounts receivable represent commissions due to the Company from the sale of securities and mutual funds.

i. Marketable Securities

Investment in securities at December 31, 2014, consists of trading securities with a fair market value of \$7,998,173.

The securities are purchased on margin with the clearing organizations and the liability related to such purpose is included under the caption "payable to clearing organization" on the Statement of Financial Condition.

j. Deposits

The company is required to maintain certain deposit levels with the clearing organizations. As of December 31, 2014, deposits total \$500,000 which consists of \$250,000 of funds being held by each clearing organization (COR Clearing and RBC Correspondent Services).

2. Property and Equipment

Property and Equipment is comprised of:

Office Machinery and Equipment	\$ 59,563
Office Furniture and Equipment	<u>252,724</u>
Less Accumulated Depreciation	<u>(290,464)</u>
Net Property and Equipment	<u>\$ 21,824</u>

3. Fair Value

FASB ASC 820 Fair Value Measurements and Disclosures, defines fair value, establishes consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarch are as follows:

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets by the Company at measurement date
- Level 2 – Valuations based on inputs that are observable in the marketplace other than those inputs classified as Level 1
- Level 3 – Valuations base on inputs that are unobservable in the marketplace and significant to the valuation

Cash and Cash equivalents, receivable, accounts payable, accrued expenses and commission payable – the carrying amounts reported in the Statement of Financial Condition for these items are a reasonable estimate of fair value.

The following table represents the Company's assets and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31, 2014, on a recurring basis:

	Level 1	Level 2	Level 3	TOTAL
Marketable Securities	\$7,998,173			\$7,998,173
Payable to Clearing Firms	\$7,998,173			\$7,998,173

Marketable securities are based on quoted market prices in active markets for identical assets and liabilities.

4. Income Taxes

Income tax expense consists of the following:

	Federal	State	Total
Current	\$ 0	\$ 800	\$ 800
Deferred	\$ 0	\$ 0	\$ 0
Total	<u>\$ 0</u>	<u>\$ 800</u>	<u>\$ 800</u>

The company accounts for income taxes in accordance with FASB ASC 740 Income Taxes, which requires the recognition of deferred income taxes using an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of other assets and liabilities. Deferred taxes are not material for the year ending December 31, 2014.

The company files income tax returns in the US Federal Jurisdiction and the State of California. The Company's income tax returns for the years ending 2011 and forward remain open for examination by federal and state taxing authorities.

CERTIFIED PUBLIC ACCOUNTANTS

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c-3-3

The Board of Directors and Stockholders
FINANCE 500, INC.
Irvine, CA

In planning and performing our audit of the financial statements of Finance 500, Inc. (the "Company") as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences by Rule 17a-13,
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is reasonable possibility that material misstatement of the Company's financial statements will not be prevented or detected and corrected on timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31 2014 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

ANTON & CHIA, LLP
